OF CONVENIENCE AND NECESSITY AND THE)	CASE NO. 9982
ESTABLISHMENT OF SEWER RATE FOR)	
OLDHAM WOODS SANITATION, INC.)	

O R D E R

On July 11, 1988, Oldham Woods Sanitation, Inc. ("Oldham Woods"), filed a Motion to Reinstate the Petition filed on July 30, 1987, wherein it sought Commission approval to construct a treatment facility, sanitary sewer lines and establishment of sanitary sewer rates. The Commission entered an Order on March 25, 1988 dismissing this case without prejudice in regard to construction and establishing rates because Oldham Woods was unable to provide an acceptable third party agreement.

Oldham Woods states, since meeting with Commission Staff in an informal conference, it is now ready to proceed with case. Therefore, the Commission is of the opinion and FINDS that the Motion should be granted and this case should be reopened to consider the merits of the proposed construction and establishing rates.

IT IS THEREFORE ORDERED that the Motion be and it hereby is granted and Case No. 9982 is reopened for consideration by the Commission.
